Chapter 4

~

Empire in Transition

---

## British Empire at mid-century:

---

- Popularity of “British Empire”:
  - Protection against French / Indians Benefits of trade / prosperity
  - Relative non-interference
    - 
    -
- Rule from London
  - Under George I and II, 1714 ~ 1760 “Whig Aristocracy”
    - 
    - 
    - Royal appointees were absent, bribable and were not working for any directive policy
  - In America, local assemblies filled the vacancy
    - Passed laws, collected taxes, set policies for Colonial Administration
    - 
    - - Contiguous settlement
      - Coastal and Intra-colonial trade cooperation
      -
  - 1754 Albany Plan – PA, MD, NY, MA met to jointly conclude a treaty with Indians and common gov’t
- Seven Years War 1756 – 1763:
  - Empire based global war between France and Great Britain
  - “French and Indian War” 1754 - 1763

# Anglo – French Conflict:

---

- New France surrounded the English Colonies
  - Canada in North – St. Lawrence Valley - Mississippi River valley on west – loose posts down to New Orleans - South in Alabama / Mississippi – Biloxi and Mobile
  - - 
    -
  - Key elements were Great Lakes and Ohio Valley
    - 
    - To counter-act British, French built Forts, settlements
    -
- Imperial Wars:
  - King William’s War ~ 1689 – 1697: indecisive clashes in NE against French sponsored Indians
  - 
  - King George’s War ~ 1744 – 1748: indecisive, but greater conflicts – unresolved animosities
    - 
    -
- American Campaign of 1754:
  - George Washington, VA militia, built Fort Necessity to counter Fort Duquesne
  - Washington defeated and began American side of the war.
  -

# French and Indian War:

---

- American conflict 1754 – 1763 – a superset of the European Seven Year’s war
- Indians were on the French side except for Iroquois
  - 
  - 
  -
- Seven Years War 1756 – 1763 “The First World War”
  - Fighting in Europe, India, West Indies & America
  - William Pitt, Sec of State took over centralized control of the war
    - British forces in America acted as in England 1756 - 7
      - 
      - 
      - 
      - 
      - By 1758 the level of colonial resistance reached high level
    - 1758 Policy switch
      - Compensation for supplies / lodging
      - 
      - Washington liaison between colonials and British
  - British successes (little colonial help):
    - Colonial forces over-running French outposts – Fort Duquesne ~ 1758
    - 
    -
  - Peace of Paris 1763:
    - English get some West Indies Islands / Canada
    - English get all land east of Mississippi
    - Spanish get New Orleans & Mississippi hinterland
    - Overwhelming British victory embitters French

## New Imperialism:

---

- Seven Year's war spawned reorganization and re-defining relationships
  - - 
    - Huge increase in world-wide empire – land and peoples – more complex entity
      - 
      - Unparalleled size and cost of Navy / Army
      - American experience during war
        - 
        - 
        -
- George III ~ 1760
  - Philosopher, Activist and “King to all”
  - Removed long-standing Whigs from power and tried to rule directly through ministers / parliament
  - - Colonists should be compelled to obey the law and shoulder their share of debt ~ popular in Parliament
    - 
    - 
    - Judges tenure “Good Behavior” to “King’s Pleasure”
    - 
    - American Bishops proposed to “help” American church

# Frontier Conflict & Imperial Involvement:

---

- Indian Conflicts
  - Colonial expansion in Ohio Valley 1763
    - Ottawa chief “Pontiac” resisted English expansion
  - Proclamation of 1763
    - 
    - Helped Rich eastern merchants by limiting migration
    -
  - Whites ignored line / British couldn’t enforce it
    - 1768 New line and others creeping west
- Trade and Taxes: Grenville Acts
  - Organized attempt increase revenue and treat America as if it was part of England
    - 
    - 
    - Intellectual v Actual impact of Taxation (1% of trans. cost)
    -
  - Sugar / Revenue Acts of 1764
    - 
    - 
    - Open-ended “Writs of Assistance” for search warrants
    - Customs service reorganized and strengthened to fight smuggling & Vice Admiralty courts for violations
    - Royal Officials required to take up residence in Americas
    - Restriction of American manufacturing

## New Imperialism – II:

---

- Currency Act of 1764 ~ stop colonial administrations from printing money causing a shortage of money
  - 
  - 
  - Hurt the lower classes / small farmers / store keepers
  - More foreign specie came into use
- Mutiny Act of 1765
  - Permanent troops in American at local expense
  -
- American response
  - 
  - Fight through courts (Writs of Assistance by Sam Adams)
  -
- Stamp Act of 1765:
  - General tax on all public & printed documents in America
  - Almost any transaction required “Stamp”
  - 
  - Forecasted 10X previous revenue.
  - 
  - Public display of authority and power

# Stirrings of Revolt:

---

- Stamp Act Crisis:
  - 
  - Virginia Resolves: Patrick Henry 1765
    - 
    - Taxed by own representatives
  - Inter-colonial boycott of all British goods
  - Stamp Act Congress of 1765
    - 
    - Petitioned Parliament over representation issue
  - Mob Action and Sons of Liberty
    - 
    -
- Repeal & Rockingham's Declaratory Act – 1766
  - 
  - Declaratory Act Proclaimed Parliament sovereign
- Townsend Plan 1767:
  - 
  - Townsend Duties ~ taxes on imports from England: Lead, paint, paper and tea – claimed them as “External” taxes
  - 
  - Colonial reaction was this was a new threat –
    - 
    -
  - North, succeeding Townsend, repealed all except tea tax in 1770

## Stirrings of Revolt – II:

---

- Boston Massacre:
  - Customs Commissioners being harassed / British put four regiments in Boston
  - March 5, 1770
    - 
    - Scuffle left 5 dead / Massive inter-colony propaganda campaign
    -
  - Committees of Correspondence 1772
  - Gaspee` destruction ~ 1772 trials to be in England
- Philosophy of revolt:
  - 
  - Country Whigs in Great Britain concerned about crown taking power / rights from people
  - Government to protect people from evil and each other ~ John Locke & others of Enlightenment
    - 
    - English Constitution ~ balance of power between Monarchy, Aristocracy, Commons ~ good but now out of balance
    - Social Contract concept of Gov't authority
    - 
    -
  - Greater England or Commonwealth of Communities
  - 
  - Flood of pamphlets, books, newspapers, etc.

# Tea Crisis:

---

- Tea Act of 1773
  - Ability to sell tea directly without colonial merchants or their taxes ~ undercut the current model
    - 
    - Townsend tax on tea survived and it would be included in the price
    -
  - Colonial ports denied East India ships from unloading
    - NYC / Phil strike kept ships from unloading
    - Boston Tea Party December 6, 1773
- Retaliatory Acts of 1774 “Coercive or Intolerable”
  - 
  - Reduced MA legislature powers – made Gage, a soldier, Royal Governor
  -
- Quebec Act 1774
  - Pushed borders of Quebec to Ohio Valley
  -
- Results:
  - MA seen as martyr for all colonies / Boycotts
  -

## New Authority:

---

- Local authority was passed to “Committees of correspondence” or Sons of Liberty
  - Same people and social leadership
    -
  - Simply left off reference to the crown
  - 
  -
- First Continental Congress 1774:
  - Internal divisions and disagreements
    -
  - 
  - Military preparations be made through local militia authorized, advertised and acknowledged
  - Continental Association to see boycott enforced
- Conciliatory Propositions from London
  - 
  -
- Lexington & Concord April 18<sup>th</sup>, 1776
  - 
  - Shot heard around the world – 8 Minute Men died on Lexington Green.
